Region 1 South Crisis Care System

Presenters: Lee Ann Reinert, LCSW
Clinical Policy Specialist, DHS/DMH

Patricia Palmer, LCSW, CADC
Clinical Director, Collaborative

Author: Patricia E. Hill, CSS

Summary: This document will review the procedures regarding the authorization and functions of the Region 1 South Crisis Care System

Glossary of Terms

- **CMHC-Community Mental Health Center**
- **LOC-Level of Care**
- **SMI-Serious Mental Illness**
- **LOCUS-Level of Care Utilization System**
- **USARF-Uniform Screening and Referral Form**
- **ASAM-American Society of Addiction Medicine**
- **MNC-Medical Needs Criteria**
- **CCM-Clinical Care Manager**

What Is It?

- **A Utilization Management Service implemented by the State of IL in conjunction with DHS/DMH where the Collaborative will handle:**
 - **Authorization for Region 1 South Crisis Care, including inpatient, residential and acute community care**

Who Is Eligible?

- **Consumers that are Unfunded**
- **Consumers that would previously have been admitted to Tinley Park Hospital**
- **Consumers with SMI that need immediate evaluation and care during a crisis situation**

Type of Service

- **The Assessor will assess in two categories:**
 - **Mental Health**
 - **Co-morbid Substance Abuse and Mental Health**

The Process

BLOGG22

The Process...

- Once the Consumer has met the criteria, the Evaluator will contact the Collaborative at **(866)359-7953** and select option “#4” to obtain authorization
- The Collaborative will review the clinical information to verify that the Consumer meets the Medical Necessity Criteria (MNC) for the LOC being requested
- Once the Consumer has been approved, the Collaborative will assist with locating a bed if the assessing hospital does not have an appropriate available bed
- The Collaborative will issue an Initial Review Authorization according to the LOC determined by the Evaluator

The Collaborative Call

Demographics

- **Consumer Information**

- **First and Last Name**

- **RIN**

- **Date of Birth**

- **Social Security Number**

- **Address (last known address or current location if homeless)**

- **Gender**

- **Ethnicity**

- **Provider Information**

- **Financial Information**

- **Funding Source (verify non-funded status)**

Demographics...

- **Level of Service Requested**

- **Inpatient**
- **Mental Health Crisis Residential**
- **Substance Abuse Residential**
- **Acute Community Care**

- **Type of Service**

- **Mental Health or Substance Abuse and Mental Health**

Assessment

- **Diagnosis**

- **Axis 1**

- **Axis 2**

- **Axis 3**

- **Axis 4**

- **Axis 5**

- **Current**

- **Past**

- **Current Risks**

- **Mental Status**

- **Risk to Self**

- **Risk to Others**

Assessment...

- **Current Impairment**
 - **Mood Disturbance(s)**
 - **Anxiety**
 - **Psychosis**
 - **Eating Disorder**
 - **Chemical Dependence**
 - **Under 19 or Over 65**
- **LOCUS Score**
 - **Dimension 1: Risk of Harm**
 - **Dimension 2: Functional Status**
 - **Dimension 3: Medical, Addictive & Psychiatric Co-Morbidity**
 - **Dimension 4a: Recovery Environment-Level of Stress**
 - **Dimension 4b: Recovery Environment-Level of Support**
 - **Dimension 5: Treatment & Recovery History**
 - **Dimension 6: Engagement**
 - **Composite Score**
 - **LOCUS Recommended Level of Care**
 - **Evaluator Recommended Level of Care**
 - **Reason for Deviation (if any)**

Consumer History

- **Treatment History**

- **Psychiatric Treatment in the past 12 months**

- **Outpatient**

- **Intensive Outpatient**

- **Hospitalization**

- **Substance Abuse in the past 12 months**

- **Outpatient**

- **Intensive Outpatient**

- **Hospitalization**

- **Medical Treatment in the past 12 months**

- **Routine Medical Treatment**

- **Significant Medical Treatment**

Medication History

- **Psychotropic Medications**

- **Medicine**
- **Dosage**
- **Frequency**
- **Side Effects**
- **Compliance**
- **Effectiveness**
- **Prescriber**

- **Additional Medications**

- **Medicine**
- **Dosage**
- **Frequency**
- **Side Effects**
- **Compliance**
- **Effectiveness**
- **Prescriber**

Substance Abuse History...

- **Substance Used**
 - Total years of use
 - Length of current use
 - Amount of current use
 - Frequency of current use
 - Date last used
- **Withdrawal Symptoms**
- **Vitals**
- **ASAM**
 - Dimension 1: Intoxication/Withdrawal potential
 - Dimension 2: Biomedical conditions
 - Dimension 3: Emotional/Behavioral/Cognitive conditions
 - Dimension 4: Readiness to change
 - Dimension 5: Relapse Potential
 - Dimension 6: Recovery Environment

Decisions

- **If the CCM proposes an alternative level of service due to either clinical factors or lack of capacity**
 - **The Evaluator will discuss the alternative with the ED physician, the individual and appropriate parties**
 - **If agreement on the proposed alternative level of service is reached, then authorization will be provided**
 - **If the ED physician or Evaluator cannot accept the proposed alternative level of service, then the CCM will call Madden Mental Health Center (Madden Intake) to initiate an appeal (via a 3-way call if possible)**
 - **Madden's decision will be final**

What's Next?

FOR INPATIENT CARE:

- **Once the Collaborative has determined the Consumer meets MNC, the Collaborative will:**
 - **Verify if the Assessing Hospital has beds available**
 - **If there is an available bed, an authorization will be given and the initial authorization process will be complete**
 - **If there are no beds available, the Collaborative will assist with locating a bed via the approved facility listing**
 - **Once a bed is located for the Consumer, the initial authorization process will be complete**

And...

FOR MENTAL HEALTH CRISIS RESIDENTIAL OR SUBSTANCE ABUSE RESIDENTIAL LOC:

- **Once the Collaborative has determined the Consumer meets MNC, the Collaborative will:**
 - **Assist with locating a bed via the approved facility listing**
 - **Provide the Evaluator with the contact information for the approved facility and an authorization number**

Also...

FOR ACUTE COMMUNITY CARE:

- **Once the Collaborative has determined the Consumer meets MNC, the Collaborative will:**
 - **Assist with determining the appropriate provider via the geographic provider listing**
 - **Provide the Evaluator with the contact information for the provider and an authorization number**
